*This poor widow has put in more than any of them (the rich); for these have all put in money they could spare, but she in her poverty has put in all she had to live on. — Luke 21:3-4*

## **Two Small Coins vs Twenty One Trillion**

What does a PhD professor in the Department of Economics at Michigan State University have in common with the poor widow mentioned in Luke chapter twenty one? Mark Skidmore is the Professor. We don't know the widow's name.

Both know a fraud when they see it, but not well enough to want to be any part of it. They steer clear in their simple dedication to virtue.

In the widow's case it was time for God's offering in the temple. Jesus said she put two small coins in the offering. He then remarked it was all that she had to sustain her. Skidmore's time for the offering came within his discipline of accounting, and he too put in all he had. To put it another way he put it all on the line. As Greg Hunter from USA Watchdog said to him in a recent interview, "You put your head in the noose."

Skidmore investigated Office of the Inspector General's reports on two departments in the Federal Government — Housing and Urban Development and the Defense Department. His published findings were so significant and threatening to the Federal Government that it subsequently passed a law making it legal to "cook the books."

All the gory details are available at [missingmoney.solari.com](http://missingmoney.solari.com) on the internet.

In the USA Watchdog interview that is available on YouTube at this link (<https://youtu.be/9hnjqSYJRM>) Skidmore reveals that the investigation is ongoing. He and his students have recently been focusing on learning more about a 2.1 trillion dollar adjustment in a 2016 Defense Department accounting report. All that is available for accountability purposes to anyone in the world is a sentence in the report that describes the 2.1 trillion dollar expense as an adjustment to a 200 billion dollar line item.

2.1 trillion dollars is nearly twice the entire gross domestic product of Russia. Let that sink in. Please.

Our government has assigned to itself the right to spend nearly twice the GDP of Russia without having to account for even one penny in one transaction in an obscure government report. We aren't, by the way, talking about the secret side of the Department of Defense's spending here either. This money MUST be accounted for, by law.

The Constitution requires that “No money shall be drawn from the treasury, but in consequence of appropriations made by law; and a regular statement and account of receipts and expenditures of all public money shall be published from time to time.”

Nazi Germany’s Joseph Goebbels observed presciently, “If you tell a lie big enough and keep repeating it, people will eventually come to believe it. The lie can be maintained only for such time as the State can shield the people from the political, economic and/or military consequences of the lie. It thus becomes vitally important for the State to use all of its powers to repress dissent, for the truth is the mortal enemy of the lie, and thus by extension, the truth is the greatest enemy of the State.”

Skidmore’s professional accounting work on this issue has been universally ignored by the corporate-controlled western media. Nobody knows about it except for the intrepid folks who stop watching Netflix long enough to inform themselves on independent websites.

The organs of government, media and religion are dedicated to repeating big lies that obfuscate the truth. The powers that be are pumping 60 billion dollars a month into the global economic system right now to maintain the lie that the American dollar bill can be trusted. And the state and corporate institutions of the West are now using “all of its powers to repress dissent.”

The truth is the greatest enemy of the State. Indeed.

Professor Skidmore’s two coin offering reveals more truth.

Jesus Christ will never stop truth. It will come out. He is virtue itself. We are free to cooperate with the truth, or to believe big lies.

Thank God for the honesty, dedication and courage of the professor and the widow.

Amen.
